

# CONTACT TRACING AND AFFILIATE NOTIFICATION PROGRAM

As of COVID-19 and the start of the 2022 academic year, the University of the South Florida (USF) has implemented a contact tracing and affiliate notification program.

Individuals who are currently enrolled in a USF course or who are currently employed by USF will receive an email to their AU email account from the Affiliate Notification Team. This email will provide information on how to report COVID-19 symptoms.

Individuals who are currently employed by USF must report AU COVID-19 symptoms to their supervisor.

Contact tracing is a key component of the University's COVID-19 response. The Affiliate Notification Team will reach out to individuals who have been in contact with someone who has tested positive for COVID-19.

Contact tracing is a key component of the University's COVID-19 response. The Affiliate Notification Team will reach out to individuals who have been in contact with someone who has tested positive for COVID-19. (Work with your supervisor to determine if you need to close contacts only.)

## Overview

The Affiliate Notification Team (ANT) is a group of individuals who are responsible for notifying individuals who have been in contact with someone who has tested positive for COVID-19. The ANT will reach out to individuals who have been in contact with someone who has tested positive for COVID-19 and provide them with information on how to report COVID-19 symptoms. The ANT will also provide information on how to close contacts only. (Work with your supervisor to determine if you need to close contacts only.)
